

Please note that VMAA/MAAA/FIA rules also apply to this field.

No Flying on Total Fire Ban Days

Observe No Fly Zone at all times (see map)

Take all litter (including cigarette butts) home at the end of flying session.

At present, height restriction is 400ft AGL.

Be courteous to fellow flyers & visitors, especially Charles Exton (Owner) and his employees.

All visitors must be accompanied by a club member and must sign the visitors book.

Remember, this is a privilege to fly here, and not a right.
So please ensure everyone is safe and has fun.
